

BEEF SOLUTIONS
BULL & FEMALE SALE

Fall Round Up

IONE, CA

SEPT. 25, 2025, IONE, CA

Selling **190** SimAngus™ & Angus Bulls **30** SimAngus™ Females

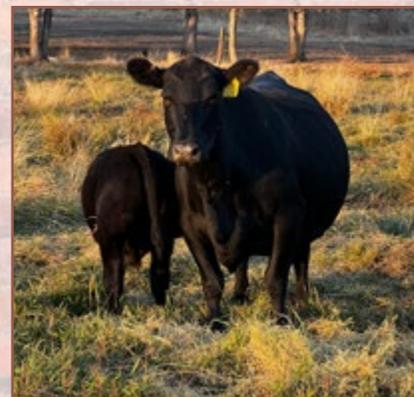

Why the **BRICKS?**

Bricks have a deep heritage in the gold country, remnant foundations from abandoned towns, homes and fences of the Gold Rush era got me wondering how much progress we have seen in modern construction and the value of a strong foundation and the parallels in building a resilient cowherd.

When contrasted to a breeding program, bricks are the fundamental building blocks essential to the long-term survival of a program. Every operation owns the opportunity to choose the direction to go with their respective herd, the successful programs are the ones that invest in the proper foundation and raw materials to build with.

In terms of construction, a single brick can't accomplish much. The collection of many unique bricks, all composed of relatively the same size, shape and materials are what bring significance to a structure. While each brick is unique, the most basic requirement in constructing the foundation is consistency. In our own cowherds, consistency in type, production, pedigree, performance and longevity are all essential when seeking out the seedstock that will lay the foundation for future generations.

Through the videos linked to QR codes, pictures and footnotes, we have worked to share the foundational traits our herds have been bred to offer.

IF YOU BUILD A STRONG FOUNDATION,
NOTHING CAN EVER SHAKE YOU.

DOING WHAT WE SAY WE WILL...

Welcome friends and family!

Once again, we come to you blessed and thankful to live the rural American life. What an incredible time to be in the cattle business.

There has been so much speculation about supply and demand, cheap feed, and other economic indicators that anywhere you look, you can find an expert with an opinion explaining these record prices. A point that is often undervalued in this discussion is that YOU (the commercial producer) deserve all the credit for producing a product that the consumer values and is willing to pay a premium for. We are so proud to see that you all have realized the fruit of your hard work and dedication to this lifestyle. If we just keep the talking heads and politics out of the way, these prices should remain. Consumers demand American beef and want a quality steak raised by producers like you.

This summer hasn't been without challenges. In some ways, this has been one of the most exhausting and mentally taxing summers of our lives. Please stay informed on the wolf and apex predator issues that continue to affect more of us. If you are fortunate to have not experienced these issues directly, our friends and neighbors still need your help. Public education and unity on this subject are a must and we fear that this is just the tip of the iceberg. We have said for years that the beef business has an incredible story to tell. By her very nature, the grazing cow solves problems for most of society and produces a nutrient rich and tasty product while doing it. Despite the noise, I think most consumers believe in us and want to support us; we need to start asking more of them when it comes to helping us at the ballot box.

The phrase, "do what you say you will," has been a guiding principle of this bull sale, this partnership and our friendship. Through a collection of discussions and scenarios we have gone through together, we have further solidified our commitment to the core values and principles we were raised with. Some people call these values "code of the west" or "a world view." Whatever phrase you use to describe these qualities, they are a bond that connects us all. Rest assured, you can be certain that when you do business with us, we will always "do what we say we will."

We thank you for the commitment to our program, we thank you for the friendship and most of all, we thank you for staying committed to this lifestyle and business. Please join us to celebrate our 19th production sale at the Circle Ranch headquarters on the fourth Thursday of September.

BEEF SOLUTIONS

BULL & FEMALE SALE

At Circle Ranch, Lone, Ca

SEPTEMBER 25, 2025 • 1 P.M.

BID IN CONFIDENCE • ALL SIGHT UNSEEN PURCHASES GUARANTEED.

ANGUS BULLS: LOTS 1-65 • SIMANGUS™ BULLS: LOTS 81-192

SIMANGUS™ FEMALES: LOTS 193-201

SIMANGUS™ HEIFER PAIRS: 202-218

Win a **FREE Bull!**

See page 6 for details!

Hotel Accommodations:

Comfort Inn, Galt, CA.....(209) 744-7800

Holiday Inn Express, Jackson, CA.....(209) 257-1500

Sale Site: The sale will be held at Circle Ranch in Lone, CA. See map on inside front cover.

Herd Health: All bulls in the sale have been Anaplas vaccinated. Health protocols available from either producer detailing the timing and brand names of vaccinations and worming upon request.

Semen Testing: All bulls selling have passed a rigid semen test and fertility evaluation by an accredited technician.

Retained Semen Interest: The Beef Solutions breeders are retaining one-third semen interest on all bulls selling in the sale, unless stated otherwise. Buyer receives possession and full salvage value on the bulls.

Supplemental Information: A supplemental sheet, with complete up-to-date performance information on all bulls, is immediately available from either producer. All performance information is available sale day in hard-copy form, this sheet and any announcements from the block will take precedence over the printed material in the sale book.

Angus Genetic Information: All potential carriers for known genetic conditions: AM, NH, CA, M1 and DD have either tested free or are excluded as possible carriers by pedigree.

Inspections: Cattle will be available for inspection beginning Tuesday, Sept. 26 through the conclusion of the sale.

Bid and Buy Online: This sale will be broadcast on Western Video Market in partnership with CCI.Live Internet service. For details about how to participate, turn to page 10. The sale will also be broadcast through Western Video Market.

Bill Zimmerman, *American Simmental Association*.....(612) 875-9509

Livestock Insurance: An agent is available sale day to facilitate any insurance needs you may have. Please see Joe for details.

Bull Delivery: Free delivery in California and adjoining states up to 300 miles. All deliveries are made at the buyer's risk. Take \$100 off the purchase price for every bull hauled home sale day.

Hospitality: Refreshments and food are available on Wednesday afternoon and all day on sale day.

Bull Guarantee: All bulls selling have passed a Breeding Soundness Exam prior to sale. To insure your investment, the Beef Solutions Team will guarantee all bulls against breeding injury, and to be sound breeders for the first breeding season. Breeding Season is defined as the 90-day period following the first turnout of bulls. If a problem arises, contact us immediately and we will provide a replacement bull if available, or if the buyer prefers, credit toward a bull will be given for the upcoming sale, less salvage value of the injured bull. Notification of an injury or problem PRIOR to bull being sold for salvage is required for the actions of the guarantee.

Terms & Conditions: All purchases are to be settled for SALE DAY unless prior arrangements have been made. Cattle will all sell under the suggested Terms and Conditions of the American Angus Association (http://www.angus.org/Pub/suggested_sale_terms.pdf).

Disclaimer: The Beef Solutions, Bruin and Circle Ranch assume no liability for accidents, injury or Covid-19 exposure that may occur. Attend the sale at your own risk.

Photo Credits: Special thanks to Riley Der Manuelian for bull photos; Savannah Molina for bull and landscape photos; Rick Raef at Working Ranch Photography, Patricia Fischer, Kati Roberti. Angus Media and Grant Company for landscape photos.

SCHEDULE OF EVENTS

WEDNESDAY SEPTEMBER 24TH:

3:00 PM: Bulls available for viewing

Evening: Pre-sale Steak Sandwich Social at the Ranch

THURSDAY SEPTEMBER 25TH:

10:00 AM: Bulls on display, refreshments and snacks hosted
Noon: Prime-Rib lunch (Hosted by Native Sons of the Golden West)

1:00 PM: 19th Annual Beef Solutions Bull Sale

Beef Solutions Benefits

- First breeding season guarantee
- Large Sire Groups in Volume
- Free Delivery in California and adjoining states up to 300 miles
- Free Bull Drawing at the conclusion of the sale
- Year round customer service and marketing support
- Cowherd run like commercial cattle on range in the Foothills
- Family owned, Family managed
- Sight unseen satisfaction guaranteed
- Phone, Internet and In person purchasing options
- Exciting new genetic consultation. See page 35!

Win a **FREE BULL!**

Immediately following the conclusion of the sale, there will be a drawing for a FREE BULL. After the gavel drops on the final bull, we will draw a lot number from a pot and that bull will be given a credit towards the purchase price equal to the final sale average. If the bull selected is less than the average, then the bull is FREE with no cash compensation.

Thank you to these fine sponsors for this generous donation!

THE MOST UNIQUE THING WE DO. . .

The most unique thing we do is breed cattle to excel right here. In this latitude, in this rangeland, this foothill Oak Savannah landscape - the foothills of the Sierra Nevada Mountains - that we're blessed to graze. Raising cattle that are adapted to the significant constraints of this semi-desert, wildly rugged environment and tested inside of this microclimate has produced a great deal of customer satisfaction throughout the arid west and beyond.

Building a cow that is resilient and works with Mother Nature is quite a task. The best way to achieve it is to watch the ones that are doing it and make more of them.

It has always been our goal to challenge cattle beyond what they'll be challenged when they go into the commercial sector. When customers use our cattle that have been born, raised, bred to thrive here, they usually go on to do very well out in other environments.

We need to have performance, absolutely, but bulls are the by-product of what we do best: raising resilient, productive and profitable mother cows. We focus everything on the mother cow, her cost of production and cull rate. Working on that end of the balance sheet has proven to be more fruitful for us than the other.

CATTLE RAISED ALONGSIDE YOU
CATTLE BRED TO EXCEL FOR YOU

“Going **MATERNAL** doesn’t sacrifice **GROWTH**. Only way to get good growth is with a *strong, solid, feminine cow*. That’s your bulls. **Such a solid program, my friend.**” —RYAN MAHONEY: OWNER EMIGH LIVESTOCK, RIO VISTA, CA

Donald, Larie, Trace, Chloe, Wyatt, J.W., Carley

FROM OUR FAMILY *To Yours*

An operation of this scope is impossible without help from our community; thank you to our parents at the AM Ranch for doing an outstanding job raising our Embryo calves. Our children have really risen to the occasion, helping wherever they are able to make this operation work. Our appreciation for them is only outshined by the pride we have in watching them grow in this lifestyle.

Wyatt's loyalty and ability to analyze cattle is the best we have had, and we have reaped the benefit of the support and love of his entire family. Thank you, you have all stepped up when we need you the most, your passion for this program is essential for its success.

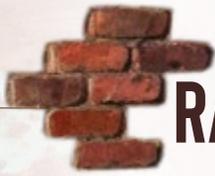

The Fischers - Joe & Abbee, Bennett, Paxton, Myles and Marydith

RAINFALL *sons*

SAV RAINFALL 6846

Sire of Lots 1-11

This multi-trait breed leader has a balanced set of proven EPDs and has proven through nursing daughters to bring value to the Angus population. Rainfall represents the largest number of daughters of one sire group in the Bruin herd. His daughters are consistently easy fleshing, feminine fronted and milk perfectly for our environment. He has complemented our Traveler lines incredibly well and while we have offered three years worth of his sons, we have more Rainfall babies on the ground this fall. Quality never goes out of style and predictably proven brings more consistent value to our operations than potential.

Watch the Sale on CCI.live!

The best, the fastest and most comprehensive marketing & bidding tool!

How to Bid Online...

- **As a buyer**, you DO NOT need to login to watch the sale but you must have a validated account to bid.

To **BID ONLINE** go to www.CCI.live in your **Chrome, Firefox, Safari or other modern browser**:

- 1) Click on the **sale schedule page**.
- 2) Click on the **sale of interest**.
- 3) Click on **Bid Online- Register and then Get Buyer Number**

- After you are logged in, you must proceed to the sale page for your auction and click Bid Online - Register, then **"Get Buyer Number."** Some auctions require valid credit card number on file to obtain a buyer number to bid.

- CCI.live will operate with ease on a modern **cellular device, laptop, desktop or tablet**.

- A **current browser** is important and will always make your experience better.

- **For successful bidding you must have good Internet service!** It is very important to be stationary if bidding. If you are driving and bidding, expect to have some service issues. If you are stationary on a good device, with healthy Internet, expect a very successful bidding environment. If you have slow Internet watch the "asking price" on the screen, it is real time, and refresh your browser if you feel like you have some lag.

- **Support line open during all sales. TEXT 405-400-9505** - Please alert the ranch for your hauling preferences.

HEIFER BULL CANDIDATES. When we find something that works at Bruin Ranch, the first thing we do is go right back to it. One of our favorite bulls from the 2022 sale, Bruin Jubilee 1726, was a full brother to these two lots. When we chose to flush '9243' we didn't even debate the choice, Rainfall was our easy answer. These brothers are practical sized with abundant capacity, muscle and breed character. "9243" is currently the bellwether cow at Bruin, earning elite Pathfinder status with her son Bruin Legion 3751, from last years sale.

A FULL BROTHER IN BLOOD TO LOTS 1&2. Anyone who has toured this herd can attest that there are many Prosperity daughters, essentially forming the current backbone of our herd. His dam is the ultra-feminine and perfect uddered sister of the flush. This Rainfall x Prosperity cross was designed to produce the kind of females that serve as foundation pieces for a long time.

Tie into the consistency this flush has to offer with the highest growth brother of the group. His dam fits in closely with the rest in type, but when you study the data, she has aged well. '9226' has slowly added a higher nursing ratio every year, only getting better as she has gotten older. Its our experience that those cows that hit their full stride by 5-6 typically last longer than those cattle who come out of the gate with high production. Longevity at its best here.

HEIFER BULL CANDIDATE. While I agree with the heifer bull designation, the growth EPD on this bull makes me scratch my head. Sure, he's not as powerful as the borthers but I would contend that if you turned this set of 6 brothers out on a set of cows, you'd make an outstanding and consistent calf crop. His dam is one of the favorites and made a real good one last year too.

A flush of bulls out of gorgeous 13 year old donor cow. We waited on flushing this sister to Torque and Uproar until she was 10 years old, but the wait was worth it. Without a doubt one of my favorites on sale day will come from this flush. They are balanced, correct and muscular. Built to make females that thrive and steers that can go any direction.

HEIFER BULL CANDIDATE. From a long line of good ones. A product of a first calf heifer, '4753' has the type and data of a heifer bull extraordinaire. His dam is long fronted, feminine and sports a beautiful udder.

HEIFER BULL CANDIDATE. This son of a first calf Hologram daughter will make them come easy, yet productive. Coming back with their second calf, these Holograms have the look of cows that plan to stick around for a long time. They are filling out, milking heavy and all bred back first service AI.

JERICO sons

BRUIN JERICO 1724

Sire of Lots 12-18

This Rainfall son was a highlight of our 2022 sale. From a young calf we appreciated his, length, softness and docility. His outcross pedigree and unique mix of carcass traits made him a young sire we were excited to bring into the breeding population. The dams of these Jericho sons represent some of our oldest and most proven cattle. These sons should sire the kind of cattle that keep you relevant in both the marketplace and the replacement pen.

Its surely rare to find deep sided and function cattle with some eye appeal that maintain a high marbling EPD. We used Jericho for just that. '4852' is deep sided and typey. His model dam is one of our absolute favorite Torque daughters.

Lots like these can't help but make me puzzled. His low actual birth and birth ratio had me certain he would read a heifer bull but after genomics threw him to the other side, we have to recommend him as a cow bull. His dam is one of ranch favorites, a model 8 year old.

A really complete and unique individual. At the time of scoring these bulls, he was the favorite Jericho and while his pedigree is Bruin through and through, its built in a way that he can be used on most of the cattle that even our most loyal customers have selected. His mother is a gorgeous 5 year old and one of the best Fellow daughters in production.

We have invested in both a consulting business and a podcast to share knowledge and offer value to our *friends* and *industry*.

CLARION *sons*

LT CLARION 9054

Sire of Lots 19-33

LT Forever Lady 7038 • Dam of LT Clarion

Kate Roberts

Clarion came with perfect timing for our program — and made an immediate impression. Rugged, long-bodied, and packed with muscle, he embodies the kind of structural and performance excellence we strive for. His dam is a standout in the Thiel program, with four calves recording a 107 average for Weaning Weight and 109 for Yearling Weight — true proof of her productivity and consistency. But Clarion offers more than just a strong résumé. He's a genetic outcross, bringing fresh blood and mating flexibility. His added milk and impressively docile temperament complement our needs and your goals. We're proud to offer this exceptional group of Clarion sons. They bring the look, foot structure, and the mating flexibility to work perfectly for repeat customers.

The first of our Clarion sons is out of one of the herd picks. This bull is long, dense and full of maternal quality. '0107' is very feminine but big middled and stout, she's a cow that catches the eye of every visitor and we plan to flush her this fall.

A prettier made Clarion. This bull is longer and extended through his front end and has some presence. His dam is another top young cow with donor potential for this fall.

A Flush of five brothers designed to bring an outcross pedigree to many of our customers who have used a lot of the Resource and Rainfall type lines. This set of bulls has changed on feed more than any others in the pen, they keep coming along each time we see them. Their dam is one of half a dozen flush sisters and the leadoff cow in the bunch. '0513' will have a big future in our program, these sons have potential to offer you a lot of outcross but from a cow that still checks all the boxes for our type.

We are building a video repository of influential Bruin Ranch cows.

Thick and meaty best describe this bull. When I get asked how the Rainfall daughters are doing, I send a photo of '1712'. Gorgeous in her lines, moderate framed but pound for pound one of the most productive in the herd.

Bruin M263 Blackbird 8211 - Dam of Lot 31

REVERED *sons*

LT REVERED 9008

Sire of Lots 34-40

When building our breeding plan each season, consistency and predictability are always our top priorities. That's exactly what we aimed for by using Revered in tandem with Clarion— $\frac{3}{4}$ brothers that complement each other exceptionally well. One offers a calving ease package, the other excels as a cow bull, giving us the flexibility to meet a wide range of breeding goals while maintaining uniformity. Revered's dam is a model daughter of S Foundation 514, one of the breed's elite sires for Functional Longevity. Much like Clarion, expect Revered to add Milk, Docility, and Length to his calves—key traits that improve herd functionality and overall performance. The heifer mates to these bulls rank among the best we have ever kept.

The studs are easy to write about. This bull was designed to be a female, but our loss is your gain. We have offered sons of his sires flush brothers Resource and Recharge and their impact is throughout our offering. This bull has been a standout all along and his mother is one of the good ones here. At 8 years old she continues to do a wonderful job outperforming her contemporaries and gets bred early in the season.

The only Fellow in the sale this year, but he is a standout. From end to end a very complete bull and an early favorite from weaning and throughout the feeding process. His dam is a very nice Barricade X Torque, that mating sure worked here.

Bruin 632F Rita 1732 • Dam of Lot 43

PANTHER *sons*

SAV Blackcap May 6644
Dam of SAV Panther 1906

SAV PANTHER 1906

Sire of Lots 44-50

Easily our favorite bull to sell in the 2022 SAV sale, Panther made a lasting impression from the moment we saw him. With his ideal mature size, powerful muscle shape, softness, and excellent feet, he checked every box for us – and gave us total confidence in bringing him into our program.

Panther's linebred pedigree is an intentional breeder choice, offering an outcross opportunity to complement and diversify our current genetics. These Panther sons will be standouts this fall. With the combination of structure, pedigree, and presence, we expect Panther to have a significant and lasting influence on our herd through both his sons and daughters.

A mating that we selfishly built for our own breeding program. The pedigree on all of these bulls represents an outcross to our entire Blackbird and Princess lines. The Miss Charlo 2074 cow was brought in from Eastern Montana in 2017 and the mating to SAV Panther 1906 has been the most consistent yet. This group of bulls bring growth, style and maternal type to the table.

Good bull here. This bull has bone, substance, muscle and length. His mother is the Torque daughter of our foundation Queen Mother line, the most muscular cows we own. '9276' has all the Torque type but with more punch and power with one of the highest Longevity EPDs in our herd.

It would be fun to call this one calving ease but I know there is more power in this pedigree than numbers and type suggest. This bull is just balanced everywhere. His dam is one of the highest Longevity EPD females in the breed and one of our smallest cows. This bulls full sister is one of the best of the calving 2 year olds this fall

BRUIN EISA EVERGREEN 0516 - Dam of Bruin Kenwood 2779

HEIFER BULL CANDIDATE. A great option if you are full of Envy, Resource, Rainfall and many other lines we have sold for so many years. This outcross bull has a gorgeous Stellar dam, a product of the Embryo program out of a good old Impression cow that left us at 15. Lots of maternal value in this calving ease bull.

Sitz Stellar 726D - Maternal Grand sire of Lot 51

A nice complete bull with a birth EPD that doesn't match his type or his performance. I don't recommend him on heifers but he should work on cows just fine. This younger bull is made really well and has come on, by turn out I expect him to be just right. As a calf he had an eye injury.

This Kenwood out of the dam of Bruin Flex 3766. Flex was a bull set to highlight our sale last year, but an eye injury made us pull him from the offering. Flex went on to be a turn out sire for us and Cabral's 29 Livestock in Northern Oregon. This brother is thick, deep and correct. His mother is one of the most powerful Rainfall daughters and a flush sister to '0107.

HEIFER BULL CANDIDATE. We realize some of these bulls will be a little smaller, but with the injuries this year we dipped into some of the bulls that would normally be in our private treaty to make sure we offer enough to you. These younger bulls breed cows every single year, we just usually don't deliver until November. He is from the same kind of good cows and program, just at the end of the calving window.

Circle Ranch started in the commercial cow business in 1980. Although we are primarily in the seedstock business today, we **still maintain a commercial mindset:**

COWS SHOULD WORK FOR THEIR OWNERS,
not the other way around.

Crossbreeding programs can get complicated,
requiring keeping separate for certain herdsires, etc.
Using composites simplifies the whole process.

Use SimAngus™ bulls on SimAngus™ cows to reap the
BENEFITS OF HYBRID VIGOR. Simple.
Continuing on with our commercial mindset, we believe in
keeping it simple!

Use your
smart phone's
camera app
to scan this

Circle Ranch

From left: Cameron, Austin, Jill, Jack, Tim, Taylor, Faye Rose and Savannah

For generations, environmental adaptability has been and continues to be one of the most important breeding goals at Circle Ranch. Cows should work for their owners, not the other way around. We run our cows in a similar fashion to the majority of our customers to help ensure they will work in a variety of environments and promote profitability. **That, too, is part of the reason we harness the power of heterosis to create a more durable genetic product capable of breeding and lasting longer regardless of the environmental challenges posed.** We absolutely have a herd target for mature size that we think best fits the majority of our customers and the larger beef industry. The lions share of our bulls hit that target dead center and many of our customers prefer them. On the edges, however, you will find genetics here that can **produce power house performance** for higher resource situations as well as some lines created **to minimize maintenance requirements for low-input regions.**

In every conceivable manner, *family* is the link to our past and the **BRIDGE TO OUR** *future!*

RANCHING IN THE *Sierra Valley*

Use your smart phone's camera app to scan this QR code for a message from Tim.

This is our eleventh-year summering cattle in Sierra Valley. Sierra County, with a population of 3000, is the summer home to over 10,000 mother cows. With an elevation of 5000 feet, it's the perfect climate for fall calving cows and we AI breed everything we send there including our replacement heifers.

FEEDING OUR BULLS *at Home!*

Circle Ranch • Lone, California

We continue to develop our bulls at home and feel it is one of the **STRONGEST PARTS** of our program. Feeding our bulls in five acre lots filled with Oak trees gives them **PLENTY OF ROOM** to keep loose jointed and limber and **READY FOR TURN OUT**.

You won't see eye-popping yearling weights with our bulls, but what you will see are **BULLS THAT ARE ATHLETIC** and will not lose as much weight during the breeding season.

WE'VE ALWAYS
BEEN ABOUT

Solutions!

We have learned that solutions and resources that aid you in making sound purchasing decisions have changed over time. On the SimAngus side, we have invested heavily in innovative genomic solutions and designations through RightMate. In the Angus Division, we invest in Genomically Enhanced EPDs and comprehensive footnotes. We encourage you to contact either producer for added insight into your purchases.

Improved Buying Confidence with Greater Genomic **ASSURANCE**

Access to more and better information has always been key to making wise decisions. The evolution and improvement of genetic evaluation tools too has given us an ever-clearer picture of the true genetic makeup of cattle and thus a better view of the value proposition. RightMate, powered by Top Genomics LLC is taking the evaluation of genetics and genomics one giant step further. By combining specific genomic information with the long-proven value of EPDs, this new advancement in technology improves our depth and precision when evaluating the actual ability to transmit value and profit.

The 3 Accreditation Logos below are designed to simplify bull selection and improve buyer confidence by more accurately describing the genetics offered and by reducing risk. What this means to you as a customer is a much greater assurance that you are getting both what you want and need from the genetics you purchase. What it means to your seedstock provider is access to RightMate technology that simply sets them apart from the rest of the industry.

ACCREDITED GENOMIC PLUS – For the majority of producers who simply need consistent and balanced genetic improvement, without genomic setbacks, G+ Accredited bulls should be on your list for premium purchase. These sires will absolutely move you forward for both cost reduction and income producing traits and substantially reduce risk when compared to all other evaluation programs. It's simple, the right genes are in these bulls to help secure a profitable future and they have great EPDs to match!

ACCREDITED CALVING EASE – Simply find bulls with the ACE logo for third party Accredited, secure Calving Ease bulls. Though we have had tools in the past to assist in choosing heifer bulls, we've never had one nearly this effective. The reduced risk that comes with this genomic certification will simply make your decisions easier and your heifer calving season more successful. Purchase special purpose ACE bulls with confidence. They will deliver consistent and predictable calving ease.

ACCREDITED TERMINAL MATE – Just like an ATM machine makes it simpler to access your cash, the ATM Logo highlights bulls accredited to generate extra cash income as soon as your next calf crop! These bulls are meant specifically to use only on mature cows and for the purpose of adding performance, pay weight and end product value to market.

Collier Ranch, the Carson (Sam) & Kailey Collier family, are cooperators with Circle Ranch and they are offering bulls and bred heifers as Lots 177-192 and Lots 204-210, respectively.

CUSTOM **AI** Services

CUSTOM A.I. SERVICE

- Breeding project planning
- AI Breeding barn Access
- Projects customized to match individual ranchers needs
- Exclusive access to maternally developed sires at Circle Ranch and Bruin Ranch
- Access to sires from across the county

A.I. BENEFITS

- Three cycles in 45 days
- Increase pregnancy rates
- Increase weaning weights
- Increase calf crop uniformity
- Blended semen

SHASTA VIEW GENETICS
in partnership with Circle Ranch & Bruin Ranch

THANK you!

Thank you for giving our programs the chance to offer genetic improvement to YOUR exceptional programs and thank you for continuing to offer your business to us. We believe in our genetics and service but are humble enough to admit that it is by YOUR own efforts and YOUR quality cowherds that our genetics have had the opportunity to flourish.

Your commitment to a quality cowherd continues to drive our programs to breed toward more consistency, more longevity, more productivity and more profitability. Your constant support and affirmation are our satisfaction. We thank you for your business, and we thank you for the relationship.
